

Customize Your Guest Telephones with a Touch of Colour

You've been seeing the new TeleMatrix colour inserts in advertisements, and as you might suppose, they are very popular! Imagine not only your choice of stylish telephone designs to complement the new directions in technology styling in your rooms, but now you can easily add that distinctive colour cradle that perfectly coordinates with your colour scheme.

Colour inserts are optional on the 9600* DECT Cordless Series.

Seven (7) colour options provide a range of modern accents that makes matching your rooms' décor a snap. Premium custom-colours are also available.†
